Assignment 1

To Be Handed In by Tuesday September 17
- a printed copy of all code
- use NetBeans to print out the java code with line numbers

To Be Submitted by Sunday September 15
- a zipped copy of your NetBeans project by Sunday September 15 11:30 pm
  - use File > Export Project > To ZIP
  - the name of this file should be yourName_a1.zip

To Be Demonstrated
- must demonstrate the program to me
- it will not be marked until you have demonstrated the program to me
- if you are unable to explain the code, your mark is ZERO
- if you do not show me a running version of the program, your mark is ZERO

Basic Code Requirements
- the first lines of your code should contain
  ```
  /**
  Your Name
  Your Student Number
  Assignment 1
  Date
  */
  ```
- create a Java project called MyInitials that
  - prints out your initials using your initials
    - do not use any symbols such as *
  - each initial must be at least five characters high
  - must be in the shape of the letter
  - must contain at least 20 characters in total
  - must contain at least three letters
    - if necessary, make one up
  - must use \t and \n to properly space the initials
  - you full name should appear along the bottom of the page

  example:
  ```
  L                       I           TTTTT
  L                       I             T
  L                       I             T
  L                       I             T
  L L L L                 I             T

       Your full name
  ```

Remember

- this is to be an individual effort
    - do not work with anybody to complete the assignment
- use NetBeans to print out a copy of the code
    - with line numbers
    - do not use line wrap
- at the beginning of class hand in the printed code
    - assignments not handed in at the beginning of class will be considered late
    - at the end of the class show me a running version of the program
